Subject: Request to help with a Feed Back on the Curriculum (CBCS) for the purpose of fulfilling the NAAC Criteria 1

Dear Sir,  
Greetings from Don Bosco College, Golaghat.

Don Bosco College is preparing itself for the self-study report for the purpose of NAAC Assessment and Accreditation. To this end we need to collect feedback from various stakeholders for Criteria 1 on curriculum.

We would like to request your kind self to help us with the required feedback in the form that we have prepared for the same. I have sent with our college faculty some forms for the same. Could you kindly request your faculty to help us with the same by filling up the feedback form?

Thank you very much for your kind help and support.

Yours sincerely

9. Do you recommend inclusion of soft skill development program in the Curriculum?

Yes  No

If yes, what are the topics you recommend?

10. Any other suggestions?

1. The College has to introduce a separate Computer science department.
2. In addition to that, the department of History and Philosophy should also be introduced in order to strengthen the theoretical base of the students. Because, the theoretical base or understanding of these two subjects ~~are~~ is intrinsically related to the theoretical background of most of the subjects of Arts and Humanities.

### Suggestions forwarded by students

Suggestions
According to me LMS programs are really good for all of us but the facts that happen is that it's really difficult to be on time or sometime its really difficult to operate due to network problems. Thank you
Activities should be along with the studies
All good
Can do much better ahead.
Criteria for visiting industrial challenges.
Equal attention should be given both on academic and non -academic soft skills.
Everything is good and perfect for me. I am satisfied with all the activities and I hope that in the coming days it would run better.
Everything is perfect for me,I don't have any suggestions.
Exam Should Be Done As It is like earlier days before pandemic

Good explanation
Have a nice discipline and a great faculty.
Help students to create clear educational and career plans.
I am absolutely have no suggestions.
I am happy with all the activities
I am happy with the curriculum which I am having. I believe that this curriculum is fit to meet my career challenges.
I am satisfied and happy to be in the Dibrugarh University
I am satisfied with the co-curricular and extracurricular activities, and i feel it will help me in the future.
I am very much satisfied with our college curriculum and extra-curricular activity and I feel it will help me in my career.
i find everything is all right, thank you.
I guess till now it's going on pretty good, so don't have anything to tell about it, if anything goes wrong we will surely tell about it. Thank you
I have no suggestions.
I have nothing to say
I suggest that together with our study materials. College must provide some sports materials so that student gets physically, mentally, healthy. So that he/she may get good concentration in studies.
I think the curriculum is fit for every student, provided respective teacher and endeavours shall take some more efforts while teaching whether it may be co- curricular or extracurricular activities, so that the hard work of the teachers may not went in vain but enables the students to strengthen the future nation. Therefore, teachers may always try to understand the problems and weakness of each and every students and try to sort out the Problems, because every student is not always same. However, every students will be having various kinds of problem and weaknesses. With this thank you
I will like to suggest that the university should not eliminate the results that is uploaded in the website because sometimes the students urgently need the marksheet for some purposes ..so if the hard copy of the marksheet is not given by the university to the college's ..at that time the students can download from the website ..
If it possible there must be certain co-curricular activities should be conducted in a week regularly.
If we will work hard then success will be in our hand..
Improvement of qualification should be enlarged for teachers and students without discrimination
It interesting for us
It will good if we have some kinds of sports, cultural programmes and some field study, and so on
It's nice to have an soft skills development programmes
It's really good for the development of students in their studying with extra activities,I'm happy that I got to learn all the new things, through different activities.
It's very much useful for learning the basic resources.
Keep the campus ground clean
Lack of activities
Motivate the students to study hard.
My hope is that the college may open soon. thank you.
NAAC program should be taken seriously especially we the students must give our interest in

any activities which is provided.
No suggestions but it is very much helpfull for me .
No suggestions, thanking the college and the university for availing such e-learning soft skill, co-curricular and extracurricular activities in order to fit ourselves with the time. Thank you!
Only study can't build children mentality
Placement should be provided for the rank holders.
Program was good and thank you.
Programs should be held in every week.
Student should get all-round development
Students must be given chance to participate all the extracurricular activities at the University level.
The college must should give important on sports for students
The present curriculum of Dibrugarh University is satisfying.
the program which is sponsored to the students should be related to the coarse or subjects and other activities like kabadi, khokho and indoors games.
The programme which is provided by the Dibrugarh University should follow strictly by all the students and the staff in the college.
There should be link already given for the classes in the lms as in the time table, so that we can do some other work, instead of waiting for the link to come.
There should be opportunity for all.
This curriculum which the university has introduced in this epidemic period is really helpful to cope up with our studies and also learn new system of learning in this digital world. I think this is really a good step taken by the university to keep students focused in their studies.
This programs should be carried on ...
